Respondents are MFP patrons who provide information to MFP and IAT personnel in order to allow the child to participate in CYTP activities, determine the general health status of patrons participating in CYTP activities, and if necessary, determine the appropriate accommodations for the patron for full enjoyment of CYTP services, and provide consent for information about the patron from other specified individuals and organizations. These forms provide CYTP personnel with demographic information and emergency contact information. It also allows parents/guardians to provide consent for specific activities that may take place while participating in CYTP. Failure to provide information may limit MFP's ability to properly consider participants'

health and special needs, adversely impact individuals from participation in CYTP activities, and will limit MFP's ability to communicate with organizations or individuals outside of DoD which may adversely affect available services. Having these forms is essential in providing the requested child care services and activities to all CYTP participants, and maintaining the continuity of care, safety and health of CYTP participants.
